Leadership Program Cell Phone Policy

In order to promote community, unity, and focus on serving/leading others, cell phones will only be available on select days. Cell phones will be collected on Sunday during camper arrival, secured in the camp office, and redistributed for very limited use on select days only. Failure to comply with this policy will result in the phone being locked in the camp office for the remainder of the camper’s Teen Leadership program session.

Note: In case of emergency, the office phone will always be available for campers to use under staff supervision.
